

Conspiracy!

Wow. This is totally fascinating.

The word "GOD" - have you ever noticed that it's actually "DOG" spelled backwards?

You think maybe it's some kind of conspiracy?

Conspiracy?

Think about it... what if dogs are trying to endear themselves to humans, by subliminally associating themselves with god?

Okay, what's the Spanish word for "dog"?

"Perro."

And how about the Spanish word for "god"?

I think it's "dios."

Uh huh, and what about German? What's the German word for "dog"?

"Hund."

And the German word for "god"?

"Gott."

Uh huh. So... what do you think now?

Oh my god you're right!! It's a conspiracy led by an all-English speaking dog cartel!!!
